Monday-Friday, 9:00a.m. To 5:30p.m., EST

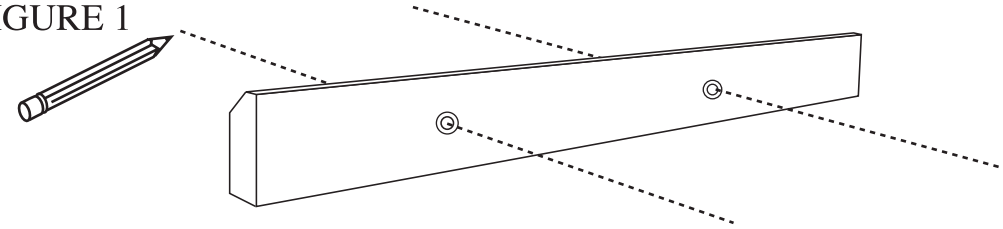
Please read instructions before assembly process.

1 MOUNTING UNIT TO WALL

1. Locate two studs in the wall where you want to mount the cabinet. Mark the area and measure the distance between them.

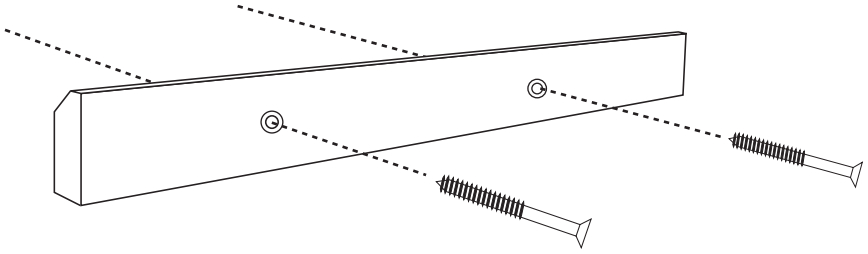
2. Using the Wood Hanging Rail (fig 1) mark where you need the screws in order to line them up with the studs. The Wood Hanging Rail should be fastened to the wall approximately 3" down from the desired height of the cabinet.

FIGURE 1



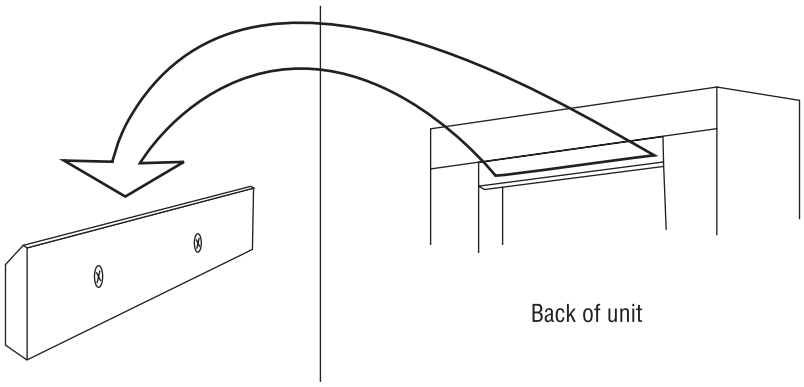
3. Making sure that the Wood Hanging Rail is level, fasten it to the wall as shown (fig 2) into the studs using wood screws. Try to find at least one stud within the marked area. If stud is not available use toggle fastener to secure the cabinet to the wall. (Wood screws and fasteners not included)

FIGURE 2



4. Cabinet is now ready to be mounted to wall. Lift cabinet onto Wood Hanging Rail. (fig 3)

FIGURE 3



Please read instructions before assembly process.

2 KNOB / HANDLE INSTALLATION Figure 2

1. Place machine screws through predrilled hole in door or drawer. Line up knob or handle with machine screw and tighten with screw driver.
2. Repeat process for all additional doors and/or drawers.

Figure 2

3 SHELF INSTALLATION Figure 3

1. Place shelf clips into predrilled holes located inside the vanity on the right and left side walls. Once shelf clips are installed rest wood shelf onto clips.

Keeping Your Furniture Beautiful

Quality wood furniture is a significant investment expected to last for generations. To maintain its beauty and help it last, wood furniture needs the right care. Pegasus Furniture products are finished with two to three coats of lacquer for extra depth and long-lasting durability. The sheen, or gloss, of the finish ranges from high to low, depending on the piece or collection. The finish protects the wood and adds to its beauty. No finish is totally indestructible. But with regular care, the finish will last much longer, providing years of enjoyment to you.

To protect and care for your furniture, we suggest the following:

- Avoid placing your Pegasus furniture in direct sunlight, as sunlight causes fading.
- Clean up spills immediately. Use a blotting rather than a wiping action. Water left over a long period of time will cause white spots in the finish. Alcohol, perfume, after-shave and medications can cause severe finish damage.

Cleaning and polishing your furniture:

We recommend dusting frequently with a clean, soft, dry, lint-free cloth. Clean the surface by rubbing in the direction of the grain. We recommend polishing your furniture approximately every six months, using a clean, soft, lint-free cloth and rubbing the polish in the direction of the grain.

What furniture care products do we recommend?

We recommend polishes which contain detergents, emulsifiers and mineral oil. The detergents clean dirt from the furniture, the emulsifiers give it body to clean and last longer and the mineral oil is left behind as a barrier for dirt and moisture that could harm finishes. There's no grit to harm the finish, no wax to build up and no silicone to raise the sheen and act as a barrier for touch-up and refinishing.

Limited Lifetime Warranty

Thank you for purchasing this Pegasus furniture product. Your new assembled furniture is constructed using only the finest materials and captures the essence of timeless beauty and style.

At Pegasus, each piece of quality cabinetry is designed with the customer in mind. Every aspect of what we do revolves around the customers' needs.

Should you have any questions about your furniture, we would like to address the concern quickly. Our trained staff is ready to help you with quick, efficient service. Please call our toll free Customer Service number.
